

# 2023 PNGISD Elementary Academic Camps<sup>4.24.23</sup>

## Week 1 Academic Camps - June 5th-8th

Week/Date	Grade Level	Title and Description
Week 1 June 5-8	Kinder	<b>Camp Wanna Learn Ms. Owen and Ms. Ellis</b> Come on a learning adventure!! Let's make learning interactive! We will make snacks, work with numbers, crafts, addition/subtraction, review letters, letter knowledge, digraphs and work on word building and blending. We will paint, fish, have story time, and of course hunt for words ,numbers and letters. Come on down to the campground and get ready to re-energize your brain in a fun and hands on way. All your senses will be used while digging into learning.
Week 1 June 5-8	K/1st	<b>A Day on the Farm with Ms. Hebert and Ms. Landry</b> Come learn all about the animals, plants and bugs you will find on a farm! We will learn about different animals and their babies. We will experiment how we can use milk from cows to make other foods such as ice cream and butter. What would a farm be without plants? Come explore the parts of a plant and plant a seed and watch it grow! Did you know insects and worms can help plants grow? Come spend a week on the farm and find out!
Week 1 June 5-8	K/1st	<b>Pete the Cat with Ms. Stafford and Ms. Bell</b> Does summer have to be boring?? GOODNESS NO!! Join us for a GROOVY time with Pete the Cat. We will start in the morning when the birds are singing, the sky is bright, the sun is shining, and during this week you will be feeling ALRIGHT!
Week 1 June 5-8	1st/2nd	<b>Book Worms with Ms. Thompson</b> There is always time to read! Come learn, read, and PLAY ALL DAY! Learning about story elements, illustrations, and different authors! Let's COOK up our own stories, too! Drawing, coloring, creating, writing, and even some math. Let's make some friendships and stories along the way!! :)
Week 1 June 5-8	1st/2nd	<b>Junie B Jones Aloha Ha Ha with Ms. Holder</b> Come have fun with the adventures of Junie B Jones! We will listen to the story as Junie B takes a vacation to Hawaii, where nothing goes as planned. We will do activities, games, and crafts centered around the book. We will even learn about Hawaii! Come spend the week having fun with Junie B.
Week 1 June 5-8	1st/2nd	<b>Just Keep Swimming with Ms. Blanchard</b> Why is the ocean blue? How do fish swim? How do jellyfish float? Are there things that glow in the ocean? Come find the answers to these questions and many more! Together we will brainstorm questions to learn all we can about the ocean. We will research for answers, perform science experiments and make ocean life art.

Week 1 June 5-8	2nd/3rd	<p><b>A Star is Born! Theater Camp with Ms. Richard</b></p> <p>Lights! Camera! Action! Do you love to act, sing, &amp; dance? Come grow your confidence on stage and let your talents shine!</p> <p>Students will grow more confident when in front of others, work on voice projection, and be more comfortable with reading fluency. They will learn to use emotion in their reading &amp; speaking. They will engage with other students in readers' theater activities. Students will also participate in musical pieces with singing and choreography to get a glimpse into musical theater.</p>
Week 1 June 5-8	2nd/3rd	<p><b>Storybook Stem with Ms. Perkins</b></p> <p>.Do Pigs Fly? They will this summer during our Storybook STEM days. We will read and experiment with science, technology, art and phonics with various storybooks each day of camp.</p>
Week 1 June 5-8	2nd/3rd	<p><b>Art Appreciation with Ms. LaRue</b></p> <p>Pointillism? Cubism? Impressionism? What do these words have to do with art? Discover the answers to these questions and more at Summer Art Camp! We will create our own works of art while learning about techniques such as shading and perspective. We'll also research famous artists such as Picasso, Matisse, O'Keeffe, and more and uncover their unique contributions to the art world. There will be lots of painting and lots of fun!</p>
Week 1 June 5-8	2nd/3rd	<p><b>Walk the Plank with Ms. Marioneaux</b></p> <p>Ahoy Matey! Calling all land lovers to sail the high seas with a band of pirates to explore the great unknown! Join us for a week filled with pirates, sharks and ocean life! Oh My! Students will explore animals, oceans, sharks and fun pirate adventures. We will use a variety of hands-on games and activities to learn throughout the week.</p>
Week 1 June 5-8	2nd/3rd	<p><b>Hogwarts, Harry Potter, and Potions! with Ms. Davis</b></p> <p>Calling all Muggle students to join us for a week at Hogwarts to experience a world of magical learning. Students accepted to Hogwarts will arrive at platform 9 3/4 to spend a week of owl study, potion classes and recreation will be a round of Quidditch. House points will be awarded and celebrated on the last day of session. Term begins this summer so sign up ASAP!</p>
Week 1 June 5-8	3rd	<p><b>Camping Outdoors with Ms. Boudoin</b></p> <p>If bugs, insects, and anything creepy crawling sounds fun this is the camp for you. We will spend a day talking about bugs and insects, have an outdoor water day, we will roast marshmallows to make smores and have lots of campfire discussion. .</p>
Week 1 June 5-8	3rd, 4th	<p><b>Health and Fitness through Science and Math with Ms. Gil &amp; Mr. Rector</b></p> <p>Students will explore ways to live a healthy lifestyle and learn various math and science skills while applying them to everyday activities to improve their lives. Students will learn how to apply math to physical activities and learn about meal portions, food labels, and recipes. During Science students will create slime to use in times of stress to relax and promote mindfulness. Engage in fun physical activities, yoga, and mindfulness.</p>
Week 1 June 5-8	3rd, 4th	<p><b>Cooking Up STAAR Readers with Ms. West and Mrs. Robertson</b></p> <p>Birthday party? Camping? A Festival? Join us to find out where we will be, what we will be cooking up, and how it could possibly help us become better readers and writers! We will use all of our favorite strategies, including RACE and 4-squares to "taste test" different genres throughout the week! Each day we will cover reading, writing, and cooking skills to help students become MASTER</p>

		readers, writers, and cooks of course!
Week 1 June 5-8	4th/5th	<b>Beach/Ocean Camp with Ms. Irvin</b> Explore, Refresh, Create! Explore opportunities to learn cool things about the beach and ocean. Throughout the week we will dive deep into unique facts about the ocean, hear adventurous tales about Pirates, and engage in hands-on activities with sand, seashells and more! Refresh your memory of important skills from math facts and long division to reading comprehension and writing rules! Create one-of-a-kind crafts, beautiful art pieces, and make new friends!
<b>Week 2 Academic Camps - June 12th -15th</b>		
Week/Date	Grade Level	Title and Description
