All grades are based on a 100 point system.

All 3 week and 6 week grades are calculated on the above scale. Semester grades are the average of the 3 six week's grades. The final yearly average is the average of the 2 semester grades.

If a student makes a grade of 70% below, the student will have the opportunity to make corrections to that assignment. The highest grade that can be received on a corrected paper will be 70%.

Homework will be assigned only as an extension of classroom work that has not been finished. Students should read A/R books each evening and keep up with current events weekly.
