

March 13, 2020

PNGISD,

We hope everyone had a restful and relaxing spring break. We look forward to reuniting with our school families on Monday.

As we resume school activities, remember to abide by CDC requirements to self-quarantine if your child or student feels symptomatic or believe they have come in contact with someone infected with the coronavirus, and contact your health care provider as soon as possible.

If you choose to self-quarantine, please contact your campus administrator beginning Monday to set up an academic plan.

Thank you,

#PNGproud #AlwaysBeFaithful
